About Us

Interstat Agencies (now Interstat Stationery (PTY) LTD) was founded with the mission to become the leading stationery and office product distributor in Southern Africa. Interstat sources brands of the finest quality from South Africa and around the world. To achieve this, we have adopted three key operating principles that we believe in, namely to offer the finest quality products; to provide the best service; and to operate with the highest level of integrity.

We pride ourselves in providing exceptional, personal service at every level. As a result, our reputation in the industry speaks for itself; we are known for our speedy delivery and top-class service. We make each and every interaction as efficient and pleasant as possible, because for us it really is all about The Products, The Prices, The People.
